Cadgroup Australia is an Autodesk Premier Solutions Provider and an Autodesk Authorised Training Centre.

Cadgroup supplies comprehensive software solutions to the Design and Engineering industries.

Our team has the experience and expertise to match your requirements. Cadgroup Australia supports specific products based on extensive research and background knowledge of performance criteria and industry standards.

OVERVIEW

This one day course is for existing Autodesk Revit users. This course covers in detail the new Revit platform features and the changed interface environment.

Students will receive a detailed explanation of the advanced concepts in an interactive workshop environment. This course is aimed at users who have a sound understanding of using Revit Architecture, Revit Structure or Revit MEP, together with a working knowledge of Microsoft® Vista or Microsoft® Windows® XP.
